

# Institute For Diagnosis And Treatment of Pain

We strive to reduce and eliminate your pain. That's why our logo depicts the goddess Achelois, known as "she who drives away pain" in Greek mythology.

## Welcome to pain relief as easy as 1, 2, 3.

1. It starts with a simple phone call to our office. Or, complete the form to your left, and let us know a good time to phone you to discuss and understand your pain: your symptoms, your medical history and pain relief treatments you have already tried.
2. Once we receive your phone call or e-mail form, the doctors at the Institute for Diagnosis and Treatment of Pain will review your MRIs, CT Scans and/or X-rays at no charge to you. We will then determine how we can help relieve your pain.
3. Our doctors will meet with you, making sure they fully understand your condition, and develop a custom plan of pain relief tailored to your unique needs.

## We offer a wide variety of chronic pain relief:

Our team of pain specialists is dedicated to finding safe, long-term relief for people with chronic [neck pain](#), [back pain](#), [leg pain](#) and [body pain](#). We perform the most effective procedures available, with the most technologically-advanced surgery techniques. Our medical staff strives to help you find the least-invasive form of pain relief possible. We are dedicated to helping you live a life that is no longer enslaved by pain.

The Institute for Diagnosis and Treatment of Pain specializes in treating people who suffer from the most severe pain -- those patients who have exhausted other options such as physical therapy, chiropractic treatments, physiatry.... We are dedicated to helping you get out of pain and regain a normal life.
